Apologies Izhak.

Tom in board meetings.

Intention is to get creative and cover our Senior Debt Obligations, together. With the field too if necessary.

Done right with boundaries to protect other creditors.

Proceed with attorney's as scheduled. If your schedules allow, and it's deemed necessary to connect quickly for some reason. Let's use this text string with the 3 of us. Understanding any sensitivities and concerns. Thanks.

Izhak and Tom,

We're working on keeping the field calm.

Lots of owners reaching into me.

Lots of top reps reaching into them.

We want to stick together as a Team.

Hopefully we can come to good terms tomorrow.

Thanks 🙏.

100% agree that rumors are not in our favor as leaders might feel insecure. If we can get the terms agreed and maybe MOU will give us the ability to release clear statement and assurance for the field . I'm on board !

Good news...

We're still ranking close to the Top 10 of all MLM companies, despite our temporary headwinds:
